PRESENTS REMOISSENET 2019

A VINTAGE FOR THE AGES

Remoissenet Père et Fils, headquartered in a stunning 14th century building in the heart of Beaune, is one of Burgundy's most venerable producers.

Until recently Remoissenet has been in the careful hands of Roland Remoissenet; a figure described by Robert Parker as 'one of the most dashing' in Burgundy. Now under new ownership and the dynamic management of Bernard Repolt (previous president at Louis Jadot) and winemaker Claudie Jobard (the daughter of Laurence Jobard - winemaker at Joseph Drouhin for 30 years), the continued quality of this legendary producer is assured.

Remoissenet has the largest cellars of aged Burgundy in the world. The ancient cellars are full of treasures going back to well before World War II. Just gaining access to top wines of the region has always been a challenge for Burgundy collectors, which is why we feel privileged to have access to such a rare collection of aged Burgundy.

2019

AN INCREDIBLE YEAR FOR BURGUNDY

"The long, hot dry summer of 2019 created the perfect conditions in Burgundy for a superb vintage. Bernard Hervet, former director of Faiveley and Bouchard, went so far as to say that it could "perhaps rival 1865, the greatest vintage of all" - *Financial Times*

**We have procured a great selection of 2019
Remoissenet for your collection and enjoyment.** ➔

2019 REMOISSENET

"The vintage takes its place alongside other exceptional recent years in Burgundy, carving out a niche for its outstanding balance of intense fruit, firm structure and supple texture. If you love great Burgundy, you should think about securing some 2019s quickly. Given current pricing trends, they will never be cheaper than they are now... 2019 is a hedonistic vintage and these wines are a joy!"

Chateau Peyrabon Haut Medoc 2019

\$45.99+TAX

60% Cabernet Sauvignon, 31% Merlot, 5% Cab Franc, 4% Petit Verdot

91 points Decanter: "A touch of exotic spice, sweet cinnamon, white pepper, raisins, dried fruit and red cherries. This has a lovely, dense and chewy texture with bright red fruit flavours such as raspberries, strawberries and red cherries. Fruit-forward and confident. Acidity keeps things lifted and fresh, and this has an appealing brightness, even a touch too bright at this point - the acidity and fruit need more time to integrate."

What results are showstopping authentic champagnes that are true expressions of what the region is renowned for.

Champagne Fleury has been around since 1895, releasing their first bubbly in 1929. The vineyards themselves are located on steep slopes that have a calcareous clay soil and see ample amounts of sun, so the grapes have an outstanding ripeness. Continental and oceanic climates combine for cool mornings and nice bursts of heat in the afternoons.

Fleury was one of the first vineyards to start converting to biodynamics, beginning in 1989, completing the process for all of their vineyards by 1992. This year Fleury celebrates 25 years of Biodynamic winemaking. Jean-Pierre Fleury can be crowned pioneer in Champagne when it comes to biodynamic viticulture.

OLD VINTAGES? FRAGILE CORKS?

PROTECT YOUR ENJOYMENT WITH **THE DURAND** CORKSCREW.
THE BEST AND ONLY CORKSCREW FOR VINTAGE WINES!

The Durand: A True Essential

Corks are not built to last forever. In fact, they start to lose their integrity after 30 years, even in optimal storage conditions.

Typically, the bottom of the cork starts to disintegrate first. This leaves makes pulling the cork a very slow and delicate process.

Enter The Durand, a pronged corkscrew built to extract the entire old cork intact using patented material and high-quality steel.

It's a must-have for any serious cellar!
